Passion to Product; The Basics

With Marcy Nelson-Garrison

A 4 part self-study Program with audio downloads and an ebook with lots of extra information, resources and suggested homework

Learn everything you need to know to get started down the product development path. Learn from guest experts from the print production industry, the toy and game industry and product marketing as well as the experience of four product entrepreneurs who have been down the path.

The self-study program will be released June 1
